- Sinhala(Native)
- English (Fluent)

PROFILE

I am an ambitious IT undergraduate with a strong foundation in software development, data management, and network security. I am eager to gain hands-on experience through an internship opportunity, where I can apply my technical skills and learn from industry professionals. I am ready to contribute effectively to team projects and assist in innovative IT solutions. I am highly motivated to support an organization's technological goals while advancing my practical knowledge in a professional career.

EDUCATION

- BSc(Hons) in Information Technology**
Specialization in Information Technology
Sri Lanka Institute of Information Technology
2022 - Present
- G.C.E. Advanced Level Examination**
Technology Stream
Mahinda Rajapaksha College Matara
2020
